Are you ready to hit those sounds? This week we are going to focus on the different ways of making:

Now have a go at reading these words. Remember to look for special friends!

air

bare

Now write the words in two lists: "are" and "air" words.

Ditty Time!

I like to go to the funfair.

Last time I went, I had a scare!

I sat on a square chair which lifted high in the air. Higher than I had dared to go.

When I got down, I sat on a spare chair.

I didn't care what my bare hair was like.

My friend Clare let me share her hairbrush.

Hold a sentence:

I sat on a square chair.

My chair went high in the air.
