Magic Door

By Jess Lee

One rainy evening, i was just about to climb into bed when something in the corner of my room caught my eye. I went over to the corner of my room and there was a mysterious door! I thought to myself, "Should i go inside?" "What would my parents think if i just disappeared?" I had 1,000,000 questions to ask myself. I really liked adventures so I decided I would go into the mysterious room beyond me and see what was inside.

When I got inside, the door shut behind me. I wondered, "Where was I? But soon realised that I was at a mystical island! After that, I started to look around. There were daffodils as tall as me and fluffy bunnies. There were trees hovering high in the pure baby blue sky and black birds chirping away. I said to myself, "This is 1 of the most beautiful things I have ever seen!"

Roughly 2 hours later, I saw a sign that said Opposite Land. For a moment, I didn't know what it meant, but then it came to me. If it was day at the island and night where I lived, it was 2 completely different times! I got quite worried because the sun was starting to set on the island, so where I lived, the sun would be rising. On the island, the sky was really pretty pinkie orange colour. I whisper shouted, "I'd must have been on the island all night!" "I had to get home!" "But how?" i went to look for the door and couldn't find it anywhere. That's when I got so tired, I had to go to sleep.

The next day on the island, I woke up feeling confused.

I went to sleep in a different place to where I woke up. I was in my bed! How did I get back home? Was it all a huge dream? Anyways, I was just glad to be back home with my mum, my dad and my dog Emily. I went to see my mum and dad and I was so glad to see them as i really missed them. A little while later, I just finished my breakfast and started to tell my mum and dad about my adventurous dream.
