

Monday 6<sup>th</sup> July

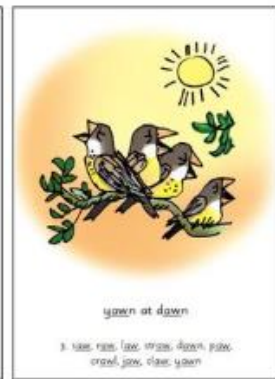

Sound Time

Are you ready to hit those sounds? This week we are going to focus on the different ways of making:

shut the door

2. door, poor, moor, floor, poorly, indoors, doorway,  
moorhens

yawn at dawn

3. yawn, rain, lane, straw, dawn, poor,  
crawl, jaw, claw, yawn

Now have a go at reading these words. Remember to look for special friends!

law      fork      horse      for

yawn      saw      short

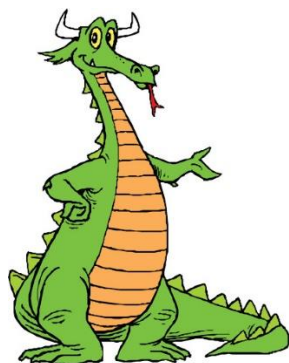

paw      crawl      claw      worn

snort      dawn      port      corn

straw      fort      door      prawn

Can you find any more in your storybooks?

## Ditty Time!

A dragon can be tall or short.

This one has sharp claws on their paws like thorns.

I think they might be the sort to crawl as a sport.

They eat corn and prawns with forks.

My Dad saw one snort and yawn like a horse.

Hold a sentence:

I saw a short dragon at dawn.

It had short paws.
