

Reception Home Learning

Communication language and Literacy

On your winter walk this week and during your weather recording, you will have noticed that the weather has become very cold brrrrrr!

If we were packing to go on holiday to somewhere like Alnwick, where the season is winter and the weather is cold, what would we need to pack?

Your task for today is to

1. Draw and label the contents of a suitcase needed for a winter holiday. You can use the worksheet attached, or better yet, draw your own suitcase.
2. Use your sound knowledge and sound mats to label the contents of the suitcase.
3. Complete the season clothes sorting activity attached or if you do not have a printer, could you sort some of the clothes in your own wardrobe into piles of items that are suitable for
Autumn
Winter
Spring
summer?

Do you think you will need gloves in the summer?

A sun hat in the winter?

Mathematical Development

Our Learning:

To Consider our recording of the weather throughout the week and create a pictogram of our findings.

What do you think a pictogram might be?

What was the type of weather you saw the most this week?

What was the type of weather that you saw the least?

Can you make predictions of what the weather will be like next week?

Thursday

Reception Home Learning

Topic

This afternoon we will be completing an icy experiment. Using the winter ice mobiles that (hopefully) froze overnight in your garden, or your own icy trapped superheroes/princesses/animals. Your job is to try to rescue and release what/who is stuck in your ice.

How do you think you are going to do this?.....

Using the worksheet provided, or draw your own table

1. Make a prediction of which of these will melt the ice fastest::
Salt
Water
Sugar
Heat
Cold

You will need a way to time how long it takes for each ice cube/ball to melt.

2. What method melted the ice quickest?
3. What method melted the ice slowest?

Get Experimenting!

Today's Physical Challenge!

1. Join in with The Learning station snowflake song! Get slip sliding!

https://www.youtube.com/watch?v=uY3w_v6Ua9U

2. Find some scarves in your house can you swirl and whirl like snowflakes to this music?!

<https://www.youtube.com/watch?v=TDI1hayM9dw>

And finally...

Day 4

We'd love to see what you've done today.

Upload some pictures to your child's school 360 journal.

Don't forget to email if you have any questions or concerns.
