

# Ash Class Home Learning: Monday 22nd Feb.

## English - ReadWriteInc

1. Time for phonics. Warm up with some speed sounds - use one of the videos, or your own flashcards!
2. Today, we are introducing a new sound: 'er' (better letter). Watch the video, then open the ditty sheet and encourage your child to read it to you.
3. Now have a go at today's 'hold a sentence': **I hurt my finger at the park**
4. Extension sentence: **I put a plaster on my finger**

## Maths - addition and subtraction within 20

### Let's learn:

This week we're going to practise our addition and subtraction skills. Today we are looking at addition by making 10 (using our knowledge of the number bonds to 10). Watch the video then complete the worksheet (if you can't print it out, write your answers on a piece of paper or tell them to an adult).

### Practical Maths:

We'll be thinking about farming in our topic this term, so let's do some farming number work - it's time to round up the sheep! Make a pen and 20 sheep (cotton wool balls, or Lego bricks...anything to represent the sheep!). Put some sheep in the pen to start (a number less than 10), then ask an adult to give you a number to 20...how many more sheep do you need to round up to get the right number in the pen?! Repeat with different numbers...until the sheep get tired!

# Ash Class Home Learning: Monday 22nd Feb.

## Topic - Down on the Farm!

Our new topic for this term is farming - we're going to learn all about what happens on a farm! I wonder what you know already about farms. Have you ever visited a farm? Unfortunately, we won't be able to visit one this term because of COVID restrictions, but we have some farmer friends in KS1 who are going to help us out a bit!

Here are a few jobs to start the topic off:

**Task 1:** look at the Powerpoint below. Can you guess the farm animal from the sounds?

**Task 2:** have a go at the worksheet matching the footprint with the animal.

**Task 3:** listen to our new story, Wake Up Time on Bumble Farm: I hope you enjoy it, we'll be doing a bit more about this later in the week.

## Physical challenge: Around the World!

How many times can you pass the ball around your waist in 60 seconds? If you drop the ball you need to pick it up quickly and carry on. If you don't have a ball, use a rolled up pair of socks or a cuddly toy.

**Can you beat your score from Week 3?**
