

THE ALNWICK GARDEN

The Alnwick Garden has squirting water fountains and ones you can play in. You can swing on the swing seats in the pink, beautiful, cherry trees.

There is a long twisting bamboo maze that seems like it never ends.

At Halloween it is horrifyingly scary (do not take little kids).

At Christmas time there is a frosty and slippery ice rink. You can play in the icy freezing snow playground, or go on the fairground rides. It has a mind blowing helter skelter, it is so high it seems like a skyscraper.

There is a big tree house and it has swinging bridges that are fun to run across.

The interesting gift shop that has lots of things you can buy.
