

## Willow Class Home Learning – Day 2

English - The Lorax by Dr Zeuss

**@ PLEASE EMAIL THIS WORK SO I CAN SEE YOU HAVE MATCHED UP THE CAUSE TO THE EFFECT.**

You are going to begin planning a letter to the Once-ler but first you need to think about all of the points you want to make to him. You need to think of 'cause and effect'. In other words, what is the Once-ler doing that is causing a problem and what effect is it having? To help you with this, go to the part of the story where the Lorax knocks on the Once-ler's door...

'But the next week he knocked on my new office door.'

Everything that follows this part of the story will help you fill in the attached 'cause and effect' sheet below. If you are unable to print the sheet out, you could just create your own with a Lorax theme. If you feel you'd like a little more help with this, you might want to use the 'cause and effect' matching cards.

~ As well as this task, make sure you go on Spelling Frame and complete two activities as well as a test

~ Log on to Bug Club and enjoy reading some of the books which are set for you.

## Willow Class Home Learning – Day 2

### Maths - money

Today we are going to be counting pence, watch the video below and then have a go at the worksheet. You don't need to print out the worksheet, just write your answers on a piece of paper if you like.

While you complete this task have a think about the following questions:

- Does the group with the most coins always have the highest total?
- What different ways can you count the coins? Which way is quickest?
- Are silver coins always worth more than copper coins?

Counting pence video <https://vimeo.com/497343674>

~ As well as the above activity, make sure you log on to TTRS and practise the tables which are set for you.

### **Music ~ Body Percussion**

<https://classroom.thenational.academy/units/timbre-ac27>

Some of you may have already tried out Lesson 2: 'Exploring Sounds'. If you haven't, complete this lesson before moving on to Lesson 3: Developing Body Percussion ( Part 1).

Enjoy!

### **P.E ~ Blockbuster Activity**

It is important we keep our minds and bodies active during our school closure so open up the 'P.E Blockbuster Challenge' below and follow these instructions. Remember to click on slide show to click on the hyperlinks:

Choose one activity each day and work your way across the screen from left to right. The only two rules are each activity must connect to the previous one, and then there's the most important rule: HAVE FUN!
