

Blog 15 Cherry Class

Hola Cherries, hope you have all had a good weekend. Thank you again for the feedback from parents. It's fantastic seeing all of you keeping busy at home. You are doing an amazing job and I love the reports I get back including pictures. Since we have been spoilt with some lovely summer weather let's do some lovely and fun summer activities.

Monday: Create your own summer collage – you can use any materials you can get your hands on. This could be a loose part collage on the living room floor or something to cut and stick onto the paper. Key words – Summer, growing, beach, ice cream, sun, hot, sun cream, sun hat, outdoor games, seaside, holidays, sand, sea, shells, paddling pool, swimsuits, sunglasses, water, hydration.

EYFS areas covered – Understanding the world, expressive arts and design.

Tuesday: Summer teddy bear picnic – help and support your little ones create a little picnic. Let your child get involved in taking part in the picnic and also in preparing the picnic, with guidance and support let your child have a go making their own cucumber sandwiches or any other filling. They could have a go at spreading the butter, cutting the cucumber with a child friendly knife, cutting up some fruit, putting things in bowls, getting the bowls out, laying out the blanket and teddies, having a go at pouring into cups with help, bake some fairy cakes, make some ice pops. Enjoy!

EYFS areas covered – Personal, social and emotional, Physical, communication and language and understanding the world development.

Wednesday: Are you ready get set go? Sports day at home – what sports day can you create in your living room or garden? Here are some ideas:

- Make your own medals or podiums
- Egg and spoon race
- Running race
- Mini obstacle course
- Dressing up obstacle course
- Throwing/Aiming games

Have fun!

EYFS areas covered – Physical development, communication and language, understanding the world development.

Thursday: Water/bubble play – key words – tip, pour, empty, full, float, sink, foam, bubbles, soap, mix, drip, drop. Create your own water play for your child. Allow your child to explore through play. Add in some home kitchen tools to explore with. You could even create big bubbles using hula hoops.

EYFS areas covered – Mathematics and physical development

Friday: Help your children get creative and take some pictures of summer! This can be their interpretation of summer – ideas to help: taking pictures of plants, flowers, beach, sea, sandals, green grass and fields, bike rides.

EYFS areas covered – Expressive arts and design and Understanding the world.
