

Reception Home Learning

Communication language and Literacy

Visit the RSPB website on the link below:

<https://www.rspb.org.uk/birds-and-wildlife/bird-songs/what-bird-is-that/>

Birds all have their own unique 'song' and this is their way of communicating with each other.

1. Can you choose your favourite?
2. Can you recreate this sound using instruments from around your house? You could use keys, kitchen utensils, pots and pans and any other items that make a noise!
3. Create your own unique bird song - can someone in your family video it, we would love to see you making music!

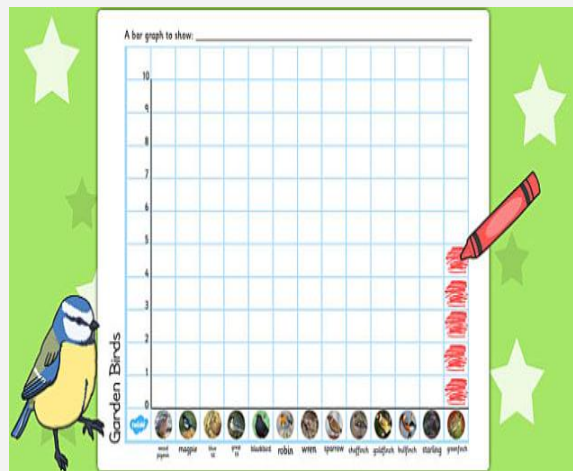

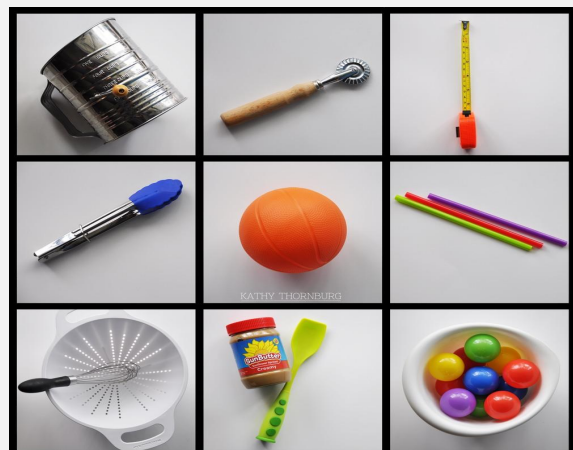

Mathematical Development

Our Learning: Creating a bar graph to record bird quantities from our bird watching hide.

Here are your jobs:

1. Can you begin to record your bird sightings from your bird hide, using the bar graph attached or, better still, create your own?
3. Can you count how many of each bird you have seen and write the amount at the top of your chart being careful to form the number using the number rhyme to help you?

Thursday

Reception Home Learning

Topic

Read through the Twinkle British Garden Bird powerpoint attached with your grown up.

1. Choose your favourite british garden bird from the powerpoint - you may like the robin or you may prefer the colours on the blue tit.
2. Can you make a line drawing of your bird, selecting the correct colours?
3. Can you now label the different parts of your bird using your sound knowledge? Do birds have noses or is there a different name for this? Do they have feet and arms?
4. Using the internet can you find a bird from somewhere else in the world - a parrot for example.
5. Draw a picture of this chosen bird carefully selecting the colours.
6. Instead of labelling this bird, can you think of two things that are different about the British garden bird you have drawn and the tropical bird?
7. Why do you think there are these differences? Think about the weather and the **habitat** of Britain and the weather and the **habitat** in the place that the tropical bird comes from.

Today's Physical Challenge!

In EYFS, we complete yoga activities every day, can you complete some cosmic yoga today?

Day 1 And finally...

We'd love to see what you've done today. Upload some pictures to your child's school 360 journal. Don't forget to email if you have any questions or concerns.
