

What are we learning this half term?

Apple class
Curriculum Overview
Autumn 2 2025

Phonological awareness

This half term children will enjoy lots of activities focussing on rhythm and will be encouraged to continue to use their 'listening ears' to distinguish different sounds and sound patterns.

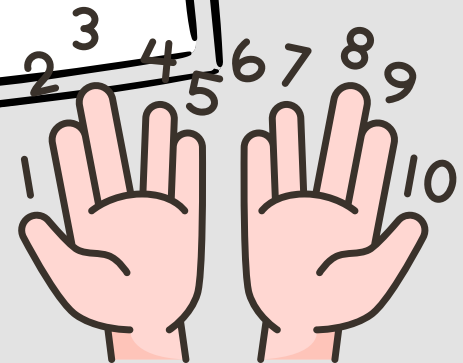

PHRSE (Jigsaw scheme)

Celebrating
Difference

Maths

In our maths learning this half term, children will learn to hear and say number names and begin to order number names through a range of fun and interactive activities. They will practise many maths skills with some festive making and baking too.

Prior Learning

Using colour to create firework art

Introduction to Guy Fawkes and the celebration of Bonfire night

Prior Learning

Listening to the Nativity story and recognising some animals and characters

Bonfire night

We will share our own experiences of bonfire night and firework displays before creating our very own firework art work".

Stories we love by Julia Donaldson
We will enjoy reading 'The Gruffalo' together before making delicious 'gruffalo crumble'!

We will also share the story of 'The Smeds and the Smoos' and explore the themes within both famous stories. We will enjoy string painting and colour mixing linked to 'The Smeds and the Smoos'.

Christmas

We will enjoy making some brilliant festive crafts to bring home. We will discuss how we celebrate Christmas in our families and will listen to the Christmas story and begin to name some of the characters in this and retell the key parts of the Christmas story.
