

What are we
learning this
half term?

Apple class Curriculum
Overview Summer 2 2026

Phonological awareness

This half term children will continue to hear sounds in words by orally segmenting them e.g. 'c-a-t'=cat! They will also become confident with the sound their name begins with and will continue to hear sounds in different words. Children will also be recognising the first 5 sounds in the Read, Write, Inc scheme- m, a, s, d, t. Our younger nursery children will be hearing rhyming words and developing their knowledge on this.

PHRSE (JIGSAW scheme)

Children will be reflecting on their year in nursery and talking about the exciting things they are looking forward to as they transition into their next class. Children will realise that they grow and change. We will be discussing how everyone starts as a baby and then grow into children and then adults.

Maths

Children will be subitising to 3- a skill which has been ongoing this year. They will be comparing and sorting collections. Children will also be leading on their own repeats and experimenting with repeating patterns in a variety of different media and materials. We will also be consolidating lots of mathematical learning which has taken place throughout the year.

Prior Learning

Children who attended Cherry class will have found out what a beach is and talked about if they have ever been.

Children will be practising for Sports day and will have lots of fun trying different races in their teams. Your child's sports day session will be communicated with you.

Summer at the Seaside

Children will think about their own adventures at the seaside and will talk about what they would find at the seaside. They will learn about water safety and sun safety.

Vocabulary: Seaside, beach, sand, sea, seaweed, rock pools, waves, seagull, shells, crab, limpet, postcard

Keeping ourselves healthy

Children will think about healthy food choices and will begin to understand that fruits and vegetables are good for them! They will sort healthy and unhealthy foods and taste some different fruits.

Vocabulary: Fruit, vegetables, healthy, unhealthy
