

What are we learning this half term?

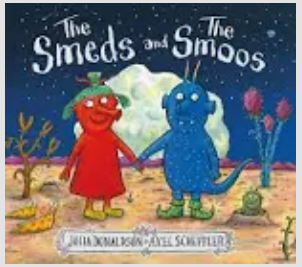

Swansfield Park Primary School

Apple class Curriculum Overview Autumn 2 2026

Phonological awareness

This half term children will enjoy lots of activities focussing on rhythm and will be encouraged to continue to use their 'listening ears' to distinguish different sounds and sound patterns.

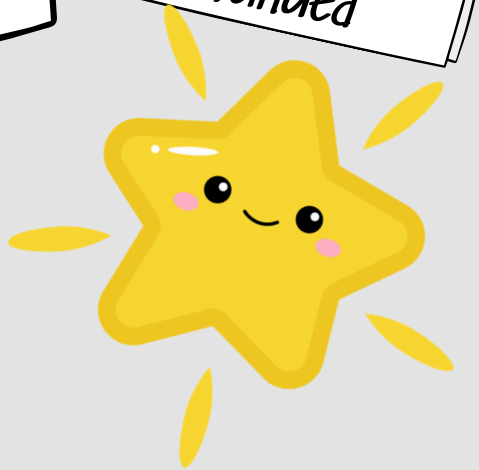

PHRSE

All about me and my relationships

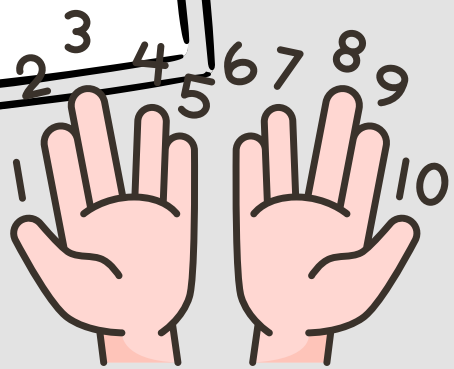

What makes me special?

continued

Maths

In our maths learning this half term, children will learn to hear and say number names and begin to order number names through a range of fun and interactive activities. They will join in with repeats and begin to subitise.

Prior Learning

Using colour to create firework art

Introduction to Guy Fawkes and the celebration of Bonfire night

Bonfire night

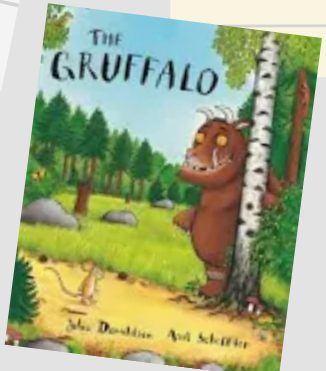

We will share our own experiences of bonfire night and firework displays before creating our very own firework art work.

Stories we love by Julia Donaldson

We will enjoy reading 'The Gruffalo' togeher.

We will also share the story of 'The Smeds and the Smoos' and explore the themes within both famous stories. We will enjoy string painting and colour mixing linked to 'The Smeds and the Smoos'.

Prior Learning

Listening to the Nativity story and recognising some animals and characters

Christmas

We will enjoy making some brilliant festive crafts to bring home. We will discuss how we celebrate Christmas in our families and will listen to the Christmas story and begin to name some of the characters in this and retell the key parts of the Christmas story.
