In Read Write Inc., repetition of books is actively encouraged to build a child's speed, fluency and comprehension, as children are "wired to thrive on repetition"

https://www.ruthmiskin.com/2017/09/29/wired-to-thrive-on-repitition/

This strategy helps them to understand patterns, remember characters and plot, predict what happens next and deepen their understanding with each reading.

Why Repetition is Important in Read Write Inc.

- **Develops Fluency:**
  Reading the same book multiple times makes reading quicker and more efficient.
- **Builds Comprehension:**
  Each reading provides opportunities to practice and deepen comprehension skills and consolidate word meaning within a context.
- **Boosts Confidence:**
  Mastering a familiar book provides a sense of comfort and accomplishment for the child.
- **Supports Learning:**
  Children learn new words, reocognize patterns, and anticiplate phrases, which builds excitement for reading.
- **Enhances Writing Skills:**
  The practice of "holding a sentence" helps children remember whole sentences, which is a foundational skills for early writing.

How to Use Repetition Effectively

- **Read the Same Storybook Multiple Times:**
  Children will read their storybook several times during RWI sessions.
  Children should also read their corresponding home storybook several times.
- **Use "Special Friends" and "Fred Talk":**
  While re-reading, encourage children to use the sounds they know and blend them together to read words.
- **Encourage a Storyteller's Voice:**
  Children can practice reading with enthusiasm, using different voices and actions which further deepens their enjoyment and understanding.
- **Discuss the Story:**
  After reading, talk about what happened in the story to check comprehension.
